CUBIQ

The magic of simplicity.

TIMELESS VERSUS FASHION.

Bigger, faster, further. Exaggeration is characterizing the time we live in. CubiQ is encountering this by focusing and pin-pointing key design elements.

The CubiQ door system embodies Bodor's design strengths and its quality of manufacture.

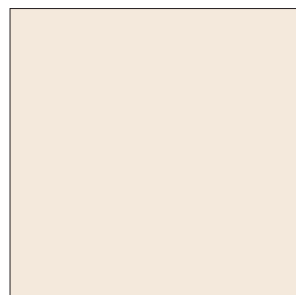

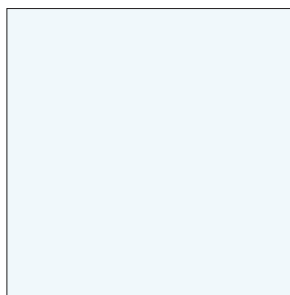

CubiQ is a simple concept which consolidates the quality of design, within a defined selection of finishes, sizes and features.

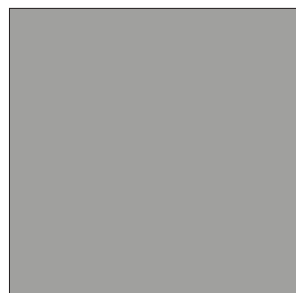

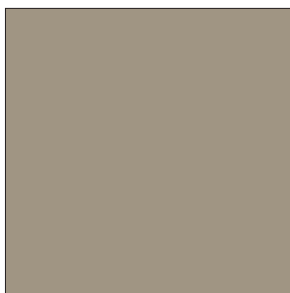

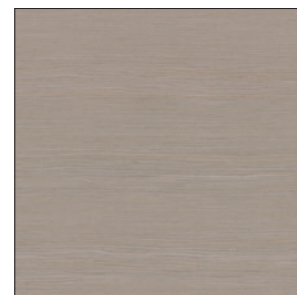

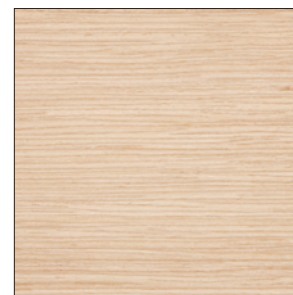

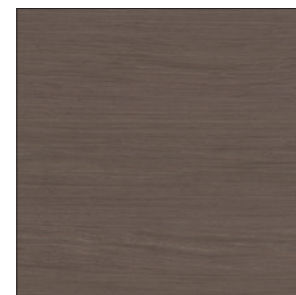

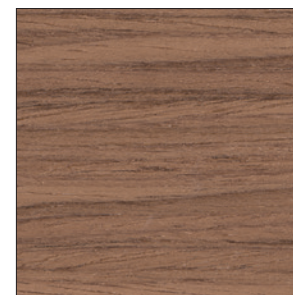

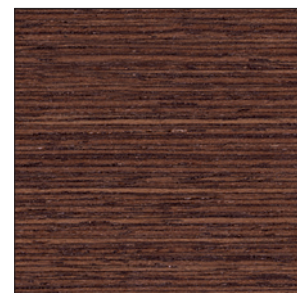

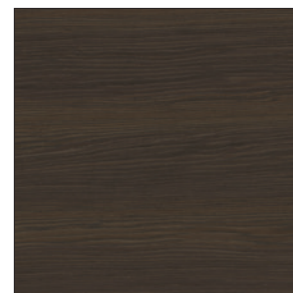

Consistent in terms of shape, format, colour, features and choice. CubiQ offers a pricing concept that centres on just the essential: less is more - the original concept of good design.

„Going back to your roots
means you have realized
what is the essential.“

SIMPLY SETTING THE TONE.

Five. A simple selection of five key shades, chosen to compliment and coordinate with most modern and traditional finishes.

Our Lacquer finishes are all carefully applied by hand, producing a high quality solid satin finish.

Eight. A portfolio of eight elegant veneers to meet all clients' needs.

Available in both horizontal or vertical grain, carefully laid to conceal door edges, with frames also matching the direction of the chosen veneer.

Frames can be supplied as „On the Wall“ design or ‘Flush with the Wall’ design – the latter is complemented by a sub frame with an aluminium profile and a 6mm shadow gap.

A TRIBUTE TO THE STANDARD
– KEEPING IT SIMPLE.

True to Size. CubiQ is quality repackaged. Simple, classic and timeless.
Available in 4 standard door heights and 4 door widths.

STANDARD WITH NO FRILLS.

Simplicity is the standard. CubiQ remains technically true to this.

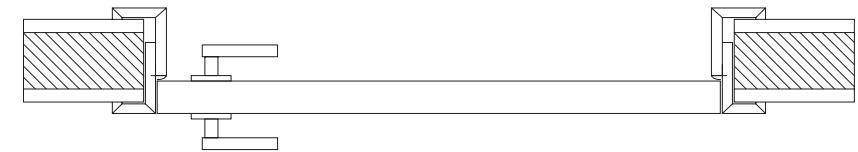

A solid 3D compact hinge seamlessly connects the door and frame.

A factory installed magnetic lock system. Quality as standard. With no added frills and embellishments. Simple. No fuss.

Optional accessories such as door closers and floor seals are also available.

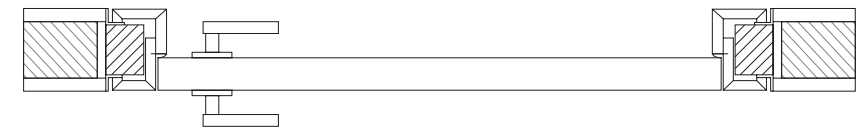

CubiQ ON THE WALL.

BEAUTIFUL NEW PERSPECTIVES.

Simply less. Eight types of veneer. Five colours.

Two glazing options with 4 glass types to choose from. Perfect for the play between light and space. The large glazed element complements all the different finishes - whether lacquer or veneer. Makes spaces merge. Gives insight. Perspective. All of this achieved with the Lumia glass option.

CubiQ is proof you can do more with less. More than you would ever believe.

FOUR VARIATIONS DEFINING FORM.

In satin lacquer finish, the line designs are very impressive.

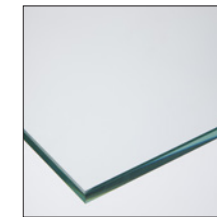

Subtle and symmetrically elegant across the door leaf.

CUBIQ ELEMENTARY:

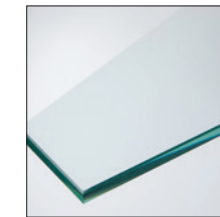

- **Flush door system:** with hidden 3D adjustable hinges.
- **2 part frame system:** on the wall or flush with the wall with sub frame and 6 mm shadow gap.
- **Magnetic lock:** without key hole drilling (BB/WC/PZ optional). Always possible to drill afterwards. Diameter hole for handle is 28mm.
- **Handles:** only suitable for fitting on the door, no recessed rosette.
- **Strike plate for magnetic lock:** adjustable.
- **Standard sizes for door leafs:** S, M, L.

- **Frames:** Wall thickness 165 or 290 mm, can be shortened to the desired wall thickness up to 100mm/flush with the wall or 75 mm/ on the-wall frame.
- **Double door system** with rebate – counter rebate possible at a surcharge
- **Sliding door system** on demand.
- **Glass doors Lumia:** standard clear glass, optional Parsol grey, Parsol bronze and matt white.
- **Finishes:** hand lacquered with Satin lacquer or colour stable veneer with Horizontal or Vertical finelines on door leaf, door side and frame in standard end lacquer.
