

**Product information**

Flush interior doors with a factory real wood finished surface. Cube Lines interior doors are manufactured in our factory where modern technology is combined with traditional craftsmanship.

Cube doors are designed for rooms with relative humidity of 30% - 55%.

The Cube doors are supplied together with one of the Bod'or doorframes, sliding systems or pivot systems.

Door designs

George – Design by Eric Kuster

Le Trait – Design by Marcel Wolterinck

Oostzaan – Design by Piet Boon
